Calendar

Calendar is sacred, here you can

• Time-keeping and synchronization of clocks was a critical problem in long-distance ocean navigation

• Accurate time is required in conjunction with astronomical observations to determine how far East or West a vessel has traveled

• The invention of an accurate marine chronometer revolutionized marine navigation. By the end of the 19th century

• Time signals in the form of a signal gun, flag, or dropping time ball, were provided at important ports so that mariners could check their chronometers for error.

• Synchronization was important in the operation of 19th century railways, these being the first major means of transport fast enough for

"I need help with grammar, ASAP, need to write a novel. Pretty please!"

Lesson content

A lesson is a structured period of time where learning is intended to occurcitation needed It involves one or more students (also called pupils or learners in some circumstances) being taught by a teacher or instructor. A lesson may be either one section of a textbook (which, apart from the printed page, can also include multimedia) or, more frequently, a short period of time during which learners are taught about a particular subject or taught how to perform a particular activity. Lessons are generally taught in a classroom but may instead take place in a situated learning environment. In a wider sense, a lesson is an insight gained by a learner into previously unfamiliar subject-matter. Such a lesson can be either planned or accidental, enjoyable or painful. The colloquial phrase "to teach someone a lesson", means to punish or scold a person for a mistake they have made in order to ensure that they do not make the same mistake again.citation needed Lessons can also be made entertaining. When the term education is combined with entertainment, the term edutainment is coined.

The mobile app mockup displays the 'Bank' section. At the top, there's a status bar with 'ABC' and '05:47 PM'. Below it, a hamburger menu icon and a question mark icon are visible. The main header is 'Bank'. Below the header, there are four tabs: 'Account', 'Payments', 'Statement', and 'Financial infographics'. The 'Payments' tab is selected. The content area shows a 'Payment methods' section with a yellow card labeled 'TBD'. Below that, there's a 'Billing address' section with the following details: Name: Karen Roosileht, Email: karen.roosileht@tutor.id, Born: 11/11/1987, Address: Rua Bahia, 471, Sao Paulo-SP, 01231-021, Brazil. An 'Edit' link is at the bottom right of the billing address section.

Sao Paolo-SP, 01231-021, Brazil

Shakespeare was born and brought up in Stratford-upon-Avon, Warwickshire. At the age of 18, he married Anne Hathaway, with whom he had three children: Susanna, and twins Hamnet and Judith. Sometime between 1585 and 1592, he began a successful career in London as an actor, writer, and part-owner of a playing company called the Lord Chamberlain's Men, later known as the King's Men. He appears to have retired to Stratford around 1613, at age 49, where he died three years later. Few records of Shakespeare's private life survive, which has stimulated considerable speculation about such matters as his physical appearance, sexuality, and religious beliefs, and whether the works attributed to him were written by others.
